F 50 00 / 2 Black

### Spedizioni, ambienti freddi estremi, alpinismo in alta quota.

Studiato e realizzato per spedizioni in alta quota, questo modello assicura una sorprendente efficienza termica grazie alla combinazione della membrana Primaloft® e della tecnologia Aerogel. Ghetta in Cordura® Ripstop stretch resistente e impermeabile con cerniera e velcro protettivo. Scarpetta ultraleggera multistrato, foderata in alluminio, feltro assorbente e ovatta termica.

### Expeditions, extreme cold conditions, high altitude mountaineering.

Designed and built for high altitudes expeditions, this model ensures surprising thermal efficiency thanks to the combination of the Primaloft® membrane and Aerogel technology. Durable and waterproof Cordura® Ripstop gaiter with zipper and protective Velcro. Ultralight multi-layer liner, lined in aluminium, absorbent felt and thermal wadding.

GAITER UPPER	Cordura® + Ripstop stretch
GAITER LINING	Waterproof eVent® membrane
INNER SHEEL	Cordura® + felt + aluminium
INNER BOOT	Primaloft® + felt + aluminium
INSOLE	Multi-walled carbon
SOLE	Customized Vibram® Mulaz EVO + PU
SIZE	6 - 12 1/2 UK
WEIGHT	1054 gr. 1/2 pair, size 8
CRAMPON	Automatic
